

PP12-12 SPECIFICATIONS

THE NEXT EVOLUTION IN TOWING TECHNOLOGY

The elecConnect PP12-12 adaptor represents the next step in our plug + play system allowing for an even easier and better looking install. The PP12-12 enables connection to your Elecbrakes brake controller for 12 pin vehicle to 12 pin trailer configurations without the need for custom wiring.

FEATURES & BENEFITS

UNMATCHED DURABILITY

Water proof, shock proof and dust proof.

NEAT & STREAMLINED

It's compact, user-friendly design removes bulky parts and cords.

THE NEXT EVOLUTION

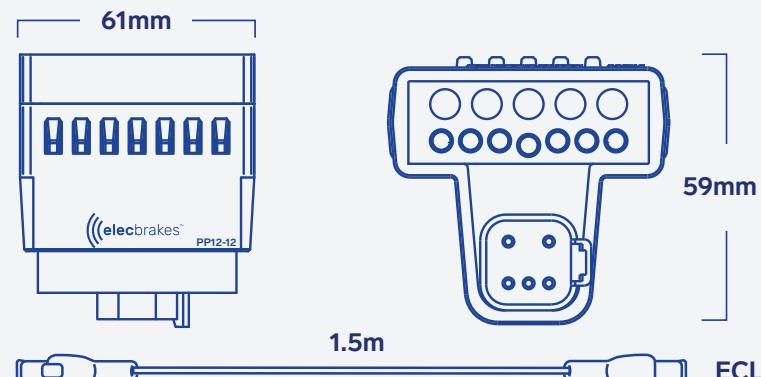

Rock solid connections are never in question.

SMART INVESTMENT

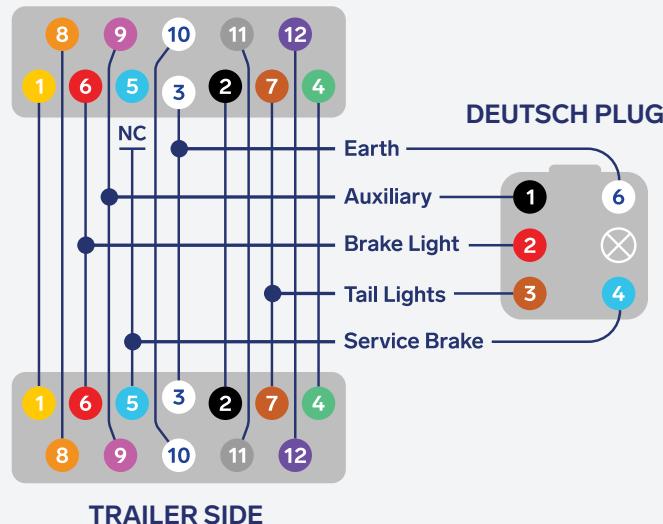

No more hanging wires or looms.
